#RevolveDX

INNOVATION. DISRUPTION. TRANSFORMATION.

2018 has been the year of fearless innovation. Major disruptions that redefined the Middle East and Africa IT industry portrayed how innovation in technology was embraced with full might and how they helped organizations to set themselves a league apart in seamless customer service delivery. The 5th edition of The Future IT Summit held on 13th March at The Armani Hotel, Burj Khalifa was a staggering success. Attended by over 300+ key decision makers— including top government officials and leading CIOs from the GCC and Africa region, the Future IT Summit 2019 explored the IT landscape of the GCC countries. With some thought-provoking presentations, competitive solution showcase, live demonstrations and expert panel discussions, the summit was a huge advantage for the attendees and partners to take away some knowledgeable experiences.

Marked as one of the benchmark IT Summit in the region, The Future IT Summit 2019 is dynamism personified. Scaling up further, the event would witness the coming together of 300+ leading technology and business decision makers from the region's leading government sectors and most coveted private sectors to discuss the existing and emerging realities in digital transformation.

LOAY AHMED ALNAKHAL,
ICT Ambassador,
Dubai Municipality

FUTURE IT LANDSCAPE UAE

Robotics Process Automation is an artificial intelligence tool can simply move the information from web portal to Customer Management System automatically. RPA systems develop the action list by watching the user perform that task in the application's graphical user interface [GUI], and then perform the automation by repeating those tasks directly in the GUI. The benefits are - Increase speed of/reduce errors in customer-facing processes to increase customer satisfaction · Allows employees to focus on higher value-added activities improving both business results and employee satisfaction · Reduce manual data edits, increasing quality of data, reducing compliance risks and simplifying audits since RPA bots leave digital log files of all their activities.

ABDULAZIZ A. ALORAIJ,
Foss Director, MCITn

FUTURE IT LANDSCAPE SAUDI ARABIA

Mr. Oraiij presented on major national projects of the country, its 5G roadmap and cloud adoption. "Currently, Saudi Arabia is moving in the right direction specially with the new leadership which concentrates on GDP and bringing alternatives of the oil economy to have more of technology-based economy. The Kingdom of Saudi Arabia has long been dependent on oil for economic growth and social development, but the world economy is changing: a fourth industrial revolution is underway. It will fuel our growth and development into the future and empower the people of Saudi Arabia to seize the opportunities of the digital age.

AMBASSADOR ALI JASSIM ALARADI,

Director – Information Systems Directorate, Ministry of Foreign Affairs, Bahrain

FUTURE IT LANDSCAPE BAHRAIN

Ambassador Ali Jassim Alaradi, Director – Information Systems Directorate, Ministry of Foreign Affairs, Bahrain discussed about the digital trends, how they meet the objectives of Bahrain Vision 2030. He also highlighted on the Ministry's efforts to reduce operational cost, enhance levels of cooperation, mobility and productivity among the work teams around the world and Keep its employees connected around the clock towards the providing the best services possible and ensuring the safety of citizens and residents of the Kingdom around the world.

IBRAHIM TALIB AL WARDI,

Act. Director & General Manager, e-Services ITA, Oman

FUTURE IT LANDSCAPE OMAN

'eOman - Strategy & Vision' - The eOman vision is - "Transforming the Sultanate of Oman into a sustainable knowledge society through the activation of information and communication technologies to enhance government services, enrich the business sector and empower individuals to engage in digital business." Mr. Ibrahim Talib also spoke about the National Infrastructure Development, their challenges faced and success stories.

SAMER SEMAAN,
Distribution Manager – UAE &
Gulf, Dell Technologies

DELL TECHNOLOGIES

'The Digital Transformation Journey' – With unprecedented access to ground-breaking technologies, a huge business opportunity is within grasp. In fact, organizations today are reimagining their business models in order to stay agile and stay competitive. In a digitally evolved world, it is important for the businesses to decode the progress of Digital Transformation and make an informed decision on understanding the future. Samer explored the Transformation Journey and the 4 Transformation phases [Digital, IT, Workforce and Security].

MIKE O'HARA,
TERRITORY MANAGER, NUTANIX

NUTANIX

'Modernizing IT with Nutanix' – Mike O'Hara, Territory Manager for Nutanix highlighted on cloud solutions and adoption of cloud and how to address the hybrid cloud challenges at The Future IT Summit 2019. "Businesses are changing at a pace where organizations struggle to keep up with. The reason customer's are drawn towards cloud is because of its simplicity, provisioning, time to value, etc. Whenever, Nutanix is releasing a product, we make sure it is as simple as possible. We do not want to be categorized as advanced. We want it simple!"

ELIE KAMEL,
Regional Manager, NetApp

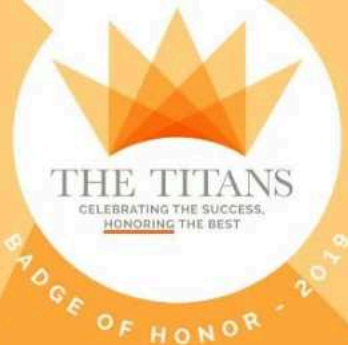

NETAPP

"In a world where technology is changing our everyday lives, data-driven digital transformation is accelerating business outcomes. When successful in their data-driven digital transformation, organizations: Enable new customer touchpoints, Create innovative business opportunities, Optimize operations. NetApp is the Data Authority in hybrid cloud. Our unique approach to managing data holistically enables organizations to: Inspire innovation with the cloud, Build clouds to accelerate new and Modernize IT architecture with cloud-connected flash services. The NetApp Data Fabric is built for the data-driven world," - Elie Kamel, Regional Manager, NetApp.

PANEL DISCUSSION - READY, STEADY, DISRUPT

The Panel - RevolveDX, Ready, Steady, Disrupt was a blend of leading digital disruptors, which looked into how the industry leaders are staying calm while being at the verge of disruption and what the future holds in store for the service provider and the end-user. The expert panel discussion, moderated by the Editor of Enterprise Channels consisted of Sh. Khalid Bin Hamad Al Khalifa, CIO, King Hamad University Hospital, Samer Semaan, Distribution Manager - Gulf & UAE, Dell Technologies, Mike O'Hara, Territory Account Manager, Nutanix, Syed Mohammed Naqvi, Head of MIS, Data & IT Governance, Al Hilal Bank, Ajay Rathi, Digital Evangelist, Meshal M Alfouwais, Digital Transformation Initiative Manager, Saudi Electricity Company.

BOTS

THE TECHNOCRATS GET A NEW NAME IN 2019

As a critical step towards further establishing the Global CIO Forum [GCF] to be the single voice for CIOs globally, GEC Media Group brought out the industry-first edition of 'BOTS— The Book of Titans', a special yearbook that celebrates the success of the world top 200 CIOs of the digital world and their projects.

The yearbook was unveiled in a gala ceremony amidst the presence of VIPs, dignitaries and some renowned CIOs who successfully made it to the list of 200.

The World CIO 200 were chosen after a deep-dive into the mega projects and accomplishments of the CIOs based on the nominations submitted for the CIO 200 Awards. The Roadshow held between May to November 2018, covering ten countries, honored 1280 CIOs from UAE, Saudi Arabia, Bahrain, Oman, Qatar, Kuwait, Ghana, Kenya, Egypt and India. The award categories [Next-Gen, Leaders, Masters and Legends] were set based on the career span of the CIO and celebrated every single project or CIO who brought a difference to the organization— significant or small.

Emirates Safer Internet Society [eSafe] signed a strategic partnership MoU with GEC Media Group in Dubai for all its events in the coming days. E-Safe foundation has been established with the very goal of creating a safer online experience for the society with a key focus of safeguarding the rights of children to ensure they can benefit from the advances of internet technology while remaining protected from all types of exploitation.

At the Future IT Summit 2019, GEC Media Group and e-Safe introduced the WTX – Women in Technology Transformation. A 30-minutes power-packed session comprising four women leaders from the GCC; Alia Al Hammadi, ex Director of IT at ENEC and CEO and Co-Founder of Dubai Freelance Company; Aisha Suleiman Ahmed Al Ali, Managing Director of Experts Department, Ministry of Justice; Maya Zakhour, Head of Distribution and Alliances, Middle East & Africa, NetApp; Sherifa Hady, Interim Managing Director – South Africa and Distributor Director-Central Eastern Europe Middle East & Africa at Hewlett Packard Enterprise.

The panel was moderated by Mohamed Mustafa Saidalavi. Mustafa is a Founder and Chief of 2 Not-For-Profit Organization in UAE & India and 25 years of stellar IT professional and humanitarian career in UAE. An internationally recognized social entrepreneur, Mohamed is currently heading to build an Asia & Africa regional capacity on Child Online Protection.

The panel shed light on key areas as; Achieving Women Safety online in a Geography Agnostic Jurisdiction, Driving UAE towards a safer Haven for Women, From Empowerment to Further Peace, Safeguarding the digital footprint and integrity of women online.

COVERAGES

Through our media campaign, we promote the event on our website and print issues. We also do not miss out on post event coverages especially for our sponsors and speakers.

MARIO FOSTER,
Group CIO, Al Naboodah
Group Enterprises

"Once again, Enterprise Channels MEA managed to have a very successful event with multiple interesting subjects discussed such as Women in Technology, children safety on the Internet and the excellent end with the Catalyst Awards. The event was well organised and I am honoured to be winning the CIO Catalyst Award for the fourth consecutive year."

AHMED EBRAHIM ALAHMAD,
CIO, Nakheel

"It was a pleasure to attend the IT Future Summit 2019 and get to know a group of leading IT companies as well as leading IT professionals. I'm also glad for being awarded as "the CIO of real Estate and Construction" which represent the team work and the great effort of Nakheel IT team."

SONALI BASU ROY,
Marketing Manager,
Bulwark Technologies

"As an industry professional, I have always put in my best efforts to work continuously towards achieving the marketing objectives of the organization. Thank you GEC Media Group for appreciating and recognizing me through the prestigious Catalysts Award 2019."

SUZANNE DEGUN,
Head of Marketing, Risk & Learning
EMEA, SAI Global

"I am very honoured to accept this award. The category of Integrated Marketer is very important to us at SAI Global. It cements our approach not only to our marketing efforts, but also to our software offering, as a provider of Integrated Risk Management Solutions."

ILHAM ISMAIL,
IT Head, Hospitality Management Holdings

"It was indeed an honor being awarded The Catalyst 2019 - CIO in Hospitality and to be selected as one of the TOP 200 CIO in Digital World and Projects. GEC Media not only identifies the best but also encourages the other peers and helps the industry to be inline with emerging technology."

HASSAN HAMADANI,
Sr. Marketing Manager - EMEA Emerging, Pure
Storage

"Thankful & Honored to be recognized once again as a leading Marketeer in the region. Receiving Top honors this time as the "Marketer of the Year" at GEC Media Group 2019's Catalyst Awards makes this accomplishment even more memorable!"

LOAY AHMED ALNAKHAL,
ICT Ambassador, Dubai Municipality

"Event was very successful, I appreciate the organizers for their support and fair judgment!"

IGNATIUS AVINASH EMANUEL,
Marketing Manager, Rittal Middle East

"Another exceptionally well done initiative from GEC media group, at Future Summit IT with relevance to importance of Women in the IT Industry. I feel very proud to be associated and being recognized by a visionary media house in the region"

JOSEPH GEORGE

IT Director, Sheikh Khalifa Medical City -
Ministry of Presidential Affairs

"I really appreciate GEC Media's initiative to bring all the technology leaders in the region together, in such a wonderful platform #RevolveDX. So proud to be a part of this event and winning the catalyst award "CIO in Healthcare". It was a wonderful event and looking forward to new initiatives."

**NITIN BHARGAVA,**

Chief Technology Officer, Mashreq Bank

"Thank you for organizing a magnificent event and for inviting me. It was a productive platform to gain an insight on upcoming trends and for networking with best-of-the-best. With a wide range of speakers of varied experience, the insights were invaluable. Thank you and all the best for future events."

**ANTO PIUS,**

IT Manager, Aster DM Healthcare

"Recognition of the innovative transformation project by the catalysts to celebrate the achievements from a different industry, felt elated to be presented with the Catalyst Award 2019 for the category "CIO in Healthcare" amidst leading CIOs in Future IT Summit. All thanks to Global CIO Forum and GEC Media Group for considering me worthy of these accolades."

**SULAIMAN ABDUL KAREEM**

Marketing Manager, Telephony
Communication Technologies

"Incredibly honoured and blessed to win the Catalysts Channel Award as Innovative Marketer. It feels great to be recognized and appreciated. Thank you GEC Media team for recognizing me for my efforts and making this possible."

**SHAILESH MANI,**

GM - IT, Fleming International

"It was my absolute pleasure to attend the Future IT Summit 2019. The event was well organized and I am honoured to win the Catalyst CIO Awards. I look forward to being a part of the event next year as well"

**MUBARIK HUSSAIN**

Director of IT, Bloom Holding

"It is a privilege and an honor to be a winner of the Catalysts Award 2019 CIO Real Estate and Construction. There are many talented winners who have contributed to their companies and industry, It is a pleasure to be among them."
